

Can you believe that we started this way back in 2001? I wonder how many of you were lindy hopping back then...

Two of our committee members have even been around since year one! And we're headed back to our very first venue at IBEW. Plus, Paul Cosentino and the Boilermaker Jazz Band have also stuck with us since year one – there is a reason Paul is the face of our anniversary shirt!

The real truth is that PittStop has only been around for so very, very long because of dancers like you. We wouldn't have the energy, drive, or passion to do what we do without every single one of you. Every kind word and smile on the dance floor fuels us!

So, thank you from the bottom of our hearts!
